Description

Engineered to exceed your expectations with a raft of new and improved features, the Aitchison Grassfarmer® range comes in a choice of models. Built with the quality of workmanship you would expect from a company that has built seed drills for 50 years. Used in a variety of applications, the Aitchison Grassfarmer® models require a minimum of maintenance and have the ability to sow accurately, from as low as 1kg up to 350kg of seed per hectare.
